

Optimize employee experiences to raise productivity and fuel growth

Turn your workforce into a growth engine

Unlocking workforce value can be achieved by:

- Transforming the employee experience
- Creating next-generation workplaces
- Accelerating proactive management

HP Workforce Solutions simplify IT with technology, software, cloud-based digitization and workflows.

Proactive automation provides further IT optimization and improves the employee experience to fast-track business outcomes.

Extensive telemetry and AI analytics generate insights through a single dashboard to help leaders proactively manage the business.

59% of companies are more likely to be growing after investing in employee experience¹

Transform the employee experience

Personalize work experiences and remove barriers to fully engage employees. Increase productivity in any workspace for increased customer focus.

Create next-generation workplaces

Optimize workplace technologies to amplify individual and team collaboration and communication. Provide a seamless work experience at home, in the office or on the go.

Accelerate proactive management

Provide leaders with the tools, insights and automation to manage a simplified and secure IT estate, speed ROI and create a positive employee experience for growth activation.

Solutions to make your employee experience a strategy for growth

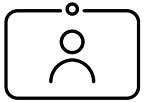

WORKFORCE COMPUTING

1. Forrester Future of Work Survey
2. Select HP Workforce Solutions require an HP Insights agent for Windows, Mac, & Android, available for download at <https://admin.hp.com/software>. For full system requirements and services that require the agent, please visit <https://admin.hp.com/requirements>. The agent collects telemetry and analytics around devices and applications that integrate into the Workforce Experience platform and is not sold as a standalone service. Internet access with connection to the Workforce Experience platform is required. HP follows stringent GDPR privacy regulations, and the platform is ISO27001, ISO27701, ISO27017 and SOC2 Type2 certified for Information Security.
3. Workforce Experience Platform includes Essential Insights and offers Optimization Insights. Included components may vary by region, by operating system, or by authorized HP service partner. Please contact your local HP representative or authorized partner for specific details in your location. HP services are governed by the applicable HP terms and conditions of service provided or indicated to Customer at the time of purchase. Customer may have additional statutory rights according to applicable local laws, and such rights are not in any way affected by the HP terms and conditions of service, or the HP Limited Warranty provided with your HP Product.
